

Forge lasting connections by fostering networking before, during and after the event.

Attendee Connect

Facilitate networking

- Connect attendees with private messaging.
- Searchable in-app profile list.
- Make connections and exchange details by scanning other attendees.
- Attendees can manage and edit personal profile, image and privacy settings.

Gamification

- Build excitement with a social game.
- Reward attendees with points for posting, commenting, participating and more.
- Display a live attendee leaderboard in the app.
- Award achievements for repeat actions, great for boosting discussion in the activity feed.

Create a digital community

- Get the conversation flowing pre, during and post event with an in-app activity feed.
- Attendees can share thoughts, statuses, experiences and photos.
- Includes comments on speakers, exhibitor and sponsor pages.
- Post as event organiser or sponsor.
- Secure and in-house, no requirement for existing social media accounts to participate.

"The multi communication makes it an all-round great receptacle."
